

Our FALL 2021 newsletter updating you about our recent activities of the Feasterville-Trevoise Lions Club, District 14A

√ In August we were fortunate enough to support the Trenton Thunder in conducting a 50-50 raffle during the game, probably the last one under the banner of 'Trenton Thunder.' We did good financially, over \$300 deposited in our Program/Community fund.

Above: Kathy Bodnar, Tom Vasek, Donna Vasek, Jim Bodnar, Jeanine Price & Sahil Saif.

√ Our Service Activity Report, period July 2021 through October 31, 2021 shows a total of 97 service hours. This represents tangible evidence of our community engagement, how we are making a difference in the Feasterville-Trevoise area.

√ In compliance with IRS regulations, our club submitted its annual Form 990-N (e-Postcard) in September. Good news: we are still 'solvent' and are good-to-go for another year!!!

√ At the District 14 A Banner Exchange Night, August 28, PDG Vasek received the Good Samaritan Award, acknowledging his continued high level of service to the Lions community.

Tom is so photogenic, it would be appropriate to include at least two smiling faces of this dedicated Lion.
Contratulations!

√ In September our club supported PA's Lions Disaster Relief by providing hand-sanitizers to communities affected by hurricanes and tornados. Included in the image below is Will Reinsfelder, PDG Tom Vasek, and President Sahil Saif who volunteered to haul a load of pallets to their final destinations.

√ Former Feasterville-Treose Lion, Sam Spera died on August 9. When he transferred into our club over a year ago, Sam donated a full-size trailer and food service equipment for our use during Bristol Borough's Italian Day and Doo-Wop Festival fund raisers. In case you don't remember Sam, see (image next page) of him in 2019 at Italian Night (our club made a \$75 donation in Sam's memory, per his spouse's request to Bassett Hound Rescue):

✓ Our club participated at Lower Southampton Fire Safety Day on October 9. Fire safety coloring books, Santander crayons, hand sanitizers, water bottles, pens, etc were handed out to patrons looking for freebies. The primary mission of our display was to attract interest in Lion's activities, as well as solicitation for new membership.

Member Spotlight - TOM VASEK

Having relished 15+ years as a Lion, you may think that having earned 2 Presidential medals, several Presidential Certificates of Appreciations, numerous club and District awards, having a Bachelors Degree from Lions University, and having served as a District Governor, that Tom was now ready to slow down. Right?

Well the truth is that Tom's real enjoyment comes from meeting and working with other Lions to help enrich their lives by helping others. Being born in New York and having met our International President who is from New York, they engaged in a conversation about their favorite baseball team: the New York Yankees.

Tom savored the opportunity to charter the Feasterville - Trevoze Lions Club two years ago. He became its first Associate Member. If you asked Tom for his advice on how to appreciate being a Lion, he would tell you that not all Lions display a positive attitude. Therefore, if you link with the positive people you will share a similar outlook and attitude that benefits everyone.

Thank you, Tom for being a dedicated Lion and inspiration to others.

A Touch of Humor

IRONY: Men tend to choose higher paying careers, like doctor, lawyer, engineer, and CEO.

Women, however, tend to choose lower paying careers, like female doctor, female lawyer, female engineer, and female CEO.

Pickles by Brian Crane

NO. NO!!!

Her: "Do I look fat?"

Him: "Do I look stupid?"
